

Job Fair mijenja lokaciju, ali ne odlazi daleko!

Najveći sajam poslova kojeg poduzeća i studenti s nestrpljenjem očekuju se seli.

Gdje se održava Job Fair?

Nakon mnogo godina tradicionalnog održavanja **Job Faira** na Fakultetu elektrotehnike i računarstva u Zagrebu, najveći sajam poslova usmjeren na studente tehničkih fakulteta i interesa u Hrvatskoj poprima festivalski duh te se seli u **Sportsku dvoranu Martinovka**.

Što očekivati umjesto utakmica?

Na petnaestom Job Fairu koji će se održati **11. i 12. svibnja** u Sportskoj dvorani Martinovka, umjesto satova tjelesne i zdravstvene kulture, **tisuće posjetitelja** će moći na više od **130 štandova** poduzeća upoznati ljude iz industrije, dobiti uvid u njihovu poslovnu stranu života i saznati razne zanimljivosti koje su im pripremili za program na pozornici.

Uz labirint **štandova**, paralelno na pozornici koja je u središtu Job Faira, bit će organizirani **talkovi**, **panel rasprava** i **hot talk** na kojima će gosti iz globalnih i hrvatskih tehnoloških poduzeća predstaviti aktualne i uzbudljive teme iz područja IT-a i znanosti. **Radionice** će se održati na dobro poznatom FER-u, dok će se svi posjetitelji na kraju prvog dana moći zabaviti na **Loosen up partiju** u obližnjem KSET-u.

[Job Fair](#) će biti organiziran u skladu s važećim epidemiološkim mjerama Nacionalnog stožera civilne zaštite koje će vrijediti u periodu organizacije događaja.

Job Fair is relocating, but stays nearby!

The largest job fair that companies and students are looking forward to is moving.

Where is the Job Fair held?

After many years of traditionally held Job Fairs at the Faculty of Electrical Engineering and Computing in Zagreb, the largest job fair aimed at students of technical faculties and interests in Croatia takes on a festive spirit and moves to the **Martinovka Sports Hall**.

What to expect instead of matches?

At the 15th Job Fair, which will be held on **May 11th and 12th** in the Martinovka Sports Hall, instead of physical education and health classes, **thousands of visitors** will be able to meet people from different industries at more than **130 booths**, gain insight into their business life and learn interesting information they prepared for the program on stage.

Along with the labyrinth of **booths**, at the same time on the stage in the center of Job Fair, there will be **talks, panel discussion and hot talk** where guests from global and regional technology companies will present current and exciting topics in the field of IT and science. The **workshops** will be held at the well-known FER, while all visitors will be able to have fun at the end of the first day during the **Loosen up party** at the nearby KSET.

[Job Fair](#) will be organized in accordance with the current epidemiological measures of the National Civil Protection Headquarters that will be valid during the time of the event.
