ABOUT

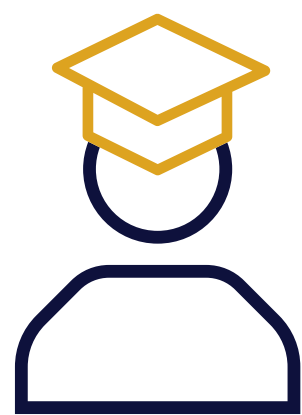

Another year, another Job Fair! It's that time of year - mixing technology experts and curious visitors to meet, connect and exchange experiences. Two days of an electrifying atmosphere enable meeting potential future colleagues you don't want to miss!

Inspire visitors with your valuable experience and connect with them - learn their aspirations and goals. Two days of Job Fair and its rich educational program set you up with the time and tools to share the best of your expertise of work.

We know what you are thinking and the answer is yes to - booths, talks, workshops, the panel discussion, hot talk and everyone's favorite Loosen Up Party with the King of Cocktails.
